

## SIP Trunking That Works Harder— So You Don't Have To

*Cloudli's SIP trunks provide voice-over-IP connectivity at a competitive price — with expert support every step of the way.*

### **It's time for an upgrade.**

Leave your outdated hardware and PRIs in the dust and experience a modern solution for voice and fax with resilient and reliable SIP trunk service.

### **Choose how you connect.**

Keep your existing numbers or take your pick from local and toll-free numbers. We even support multiple locations through a single SIP trunk.

### **Stay connected in every circumstance.**

Rely on our commitment to redundancy, security and optimization; maintain system uptime with tested failover strategies.

### **Keep teams safe and secure.**

No matter where or when you work, safety is always essential. Our SIP trunking plans include 911 service to protect your teams.

### **Cut costs and maintenance expenses.**

SIP trunks eliminate the need for in-house analog hardware and gateways, legacy telephone lines and costly term contracts.

### **Set up and scale with ease.**

Instant provisioning and online management helps you get online fast, then add capacity as your team grows for cost-effective scaling and peak efficiency – no need to overprovision as your business expands.

### **Get help how and when you need it.**

Cloudli's customer support team is available to troubleshoot problems, update access controls and clear roadblocks, so you stay connected.

## A complete suite of features to meet your voice and messaging needs:

### **Business Line Flexibility**

Keep your current number or set up unique local lines wherever you do business. Create numbers for each office, team or individual employee.

### **Toll-Free Calling**

Cloudli's SIP trunking plans support toll-free numbers so customers can get in touch without paying extra fees or service charges.

### **Free Calls to Other Users**

Make free calls to other Cloudli customers anywhere in the world without using your minutes or paying long-distance fees.

### **Reliable Service and Support**

Feel secure in your communications with our dedicated customer and network support teams plus 24/7 monitoring services.
